The difference you'll make

When you support Winchester Hospice, you're helping the **only adult hospice in the city** to provide palliative and end of life care to those with **life-limiting illness**.

Roger

Fundraisers in our community allow us to develop our services and thanks to funds raised, we now have our own community palliative care team who take their specialist skills into the homes of those in need.

When something is important to our patients, it's important to us too. This is Roger. When Roger was in the care of Winchester Hospice, our teams went above and beyond to make sure that he could visit his much-loved allotment even in difficult times. Our community team were able to take Roger right to his plot where together they did a spot of gardening - harvesting vegetables and seeing what had grown since Roger's last visit. Going one step further, our team even made it possible for Roger to experience his allotment again through our virtual reality headset.

Help towards the cost of running a **bereavement support evening** for families and loved ones

Contribute towards the cost of providing **complimentary therapies** for our patients

Your fundraising could...

Help to fund **specialist equipment** for those in our 10 bed inpatient unit

Help to fund the cost of sending **specialist community palliative care nurses** into homes
